Subject: Allow Uber in SC!!!!!!

To Whom It May Concern,

As a young professional in Charleston I am very upset by this recent decision. Uber has provided my girlfriend, many of our friends and myself with a safe and cost effective way to get home on countless nights. Yes, Uber hurts the taxi companies that have been terrorizing Charleston for years. Before Uber, I had my credit card information stolen by two different Taxi drivers, was charged different rates at drop off than I was told when I was picked up and my girlfriend will no longer get in a Taxi because of harassment. Not only that, the Taxi companies do not have clean, well maintained vehicles. Anytime I share a ride with an Uber driver, their car is spotless! I would like to know the individuals that pressed this issue as they and their respective party will not receive my vote in the future. Why are we bailing out the Taxi companies? They failed so why are you protecting them? It is not for my good, well being, or safety, I can assure you of that. Please reverse this decision!

Sincerely,

Paul Geier  
Charleston, SC

**Subject:** DON'T GIVE UBER THE BOOT IN SOUTH CAROLINA

Dear SC tyrants,

We don't need the government telling us who we can and can't ride with. Let the people think for themselves.

I recently moved to South Carolina and everybody here should have the right to choose better service if they feel inclined to do so. The taxi companies have a monopoly on the car service even if there are multiple cab companies. They all have the same service. You never know if or when they will show up. Uber shows you exactly where your driver is, who is coming to pick you up and gives you an accurate timeframe which is typically less than 15 minutes.

I am sick and tired of you freaking lazy government bums sticking your hands in everyone's pockets grabbing every dime you can while Get a real job you jerk offs. Hopefully Uber will defy your i because the SC Public Service Commission is the product of an relationship.

the PSC!!

Sincerely,

Jon Dick

I'm pretty sure everyone is tired of getting screwed over so a bunch of rich old men can get more money. Let's not make this about money. Give us back our access to safe and easy rides.
